Education That Inspires Confidence

# From The Desk of The Principal

"Our mission is to provide positive catalytic impulses to every CHILD to stretch his /her inherent learning competencies through a self-discovery process..."

An oyster is blessed with the magic of churning the best out of the grains of sand and converting them into pearls through the potential of his/her inherent qualities. This magical phenomenon happens because of the oyster's inherent potential which has been honed to produce flawless, dazzling, pristine pearls.

We at Blue Bells celebrate the uniqueness of each child where the emphasis is on LEARNING.

Each aspect of academic life provides an avenue for the learners to grow to their full potential, achieve self-actualization and develop competencies to face the challenges of today's world with élan. Academic pre-eminence in today's educational scenario continues to be a crucial yardstick though no longer the only one, of the school's superlative performance. Our learners know well that excellence is a manifestation of pervading consciousness in an individual.

With pride and pleasure, I avail this opportunity to extend my sincerest compliments and heartfelt felicitations to all my young scholars from classes X & XII who have proved their mettle in the Board Examinations by registering commendable results. I wish to reiterate to children that this is just the beginning of your experiments with the truths of life. Your accomplishment is a proud testimony to the belief that ‘When you are inspired by some great purpose, all the thoughts break their bonds – the mind transcends limitations and the consciousness expands in every direction.’ With the last two years of schooling in Online mode, you have surpassed all constraints and proved that tough situations ignite the inner spark that propels one in the direction of the dreams.

My appreciation and thanks to my dedicated faculty who have walked the extra mile for our students. It is your hard work, planning, and religious execution which has reaped rich dividends in form of an astounding performance by our young scholars.

I have a firm belief that when committed and supportive Management, dedicated teachers, and caring and cooperative parents blend harmoniously, it creates a child-centric school and through collaborative efforts, we can achieve more to benefit our students who are future leaders of tomorrow. On behalf of the school, I express gratitude to our mentors for always believing in us and providing us with all the resources to tranquilize our envisioned dreams into a beautiful reality. Our biggest strength has been our co-partners in holistic education, our parents who give their relentless support in all our endeavors.

My dear students, forge ahead and embrace your future with open arms and enthusiastically pursue your journey towards self-exploration and live a contented and peaceful life. May God’s grace be always with you as your guiding and motivating force.

Warm Regards  
Principal

# RESULT CLASS XII

Live the Life of Your Dreams!

"When you start living the life of your dreams, there will always be obstacles, doubters, mistakes and setbacks along the way. But with hard work, perseverance and self-belief there is no limit to what you can achieve."

— Roy T. Bennett
