**Education That Inspires Confidence**

# From the Desk of the Principal

*“Beauty is the light that shines within so be the light you wish to see on earth.”*

An oyster is blessed with the magic of churning the best out of the grains of sand and convert them into pearls through the potential of his inherent qualities. This magical phenomenon is the resultant of the honing of oyster's innate potential by nature to produce flawless, dazzling and pristine pearls.

Similarly , like an oyster with magnificent qualities , we are all here for some special reason and blessed with natural talent to mark a constructive change in the world. During the pandemic , we have realized the importance of life and appreciate it . We learnt to thank God for his benevolence and grace . We started finding meaning in ordinary things of life by performing all our tasks with extraordinary preparedness and resilience to succeed. Love, compassion , warmth , empathy , communication , connectivity and concern became the key words of operation . We understood through exemplary conduct that our genius will shine through, and happiness will fill our life, the instant we discover the higher purpose and then direct all our energies towards it. As life's energy, the consciousness has enormous potentialities and unparalleled power to grow.

Dear children, I wish that each one of you should have the courage to delve deep into the ocean of life; braving the tides that life offers and turn the grains of sand into priceless pearls. It becomes possible when you have unquestionable faith in your own uniqueness and qualities. Only then you challenge yourself and prove your magnificence and brilliance to the world.

On this note, I wish to extend my sincerest compliments and heartfelt felicitations to all my young scholars from Classes X & XII who have proved their mettle in the Board Examinations by registering an astounding result. My dear children this is just the beginning of your experiments with the truths of life. I want you to remember that it is always healthy competition and a positive mind-set which sets our pace towards success. Therefore, be positive and live your life to the optimum by experimenting, innovating, exploring and comprehending myriad facets of life. This will further initiate your journey towards 'Self' and inspire you towards 'Self-Realization'.

My incredible Blue Bellians forge ahead and embrace your future with open arms and enthusiastically pursue your journey towards self-exploration and live a meaningful and peaceful life. May God's grace be with you as your guiding and motivating light.

Stay Safe , Stay Positive and Stay Connected !

Warm Regards  
Alka Singh

# RESULT CLASS XII

The meticulous and arduous Blue Bellians proved that diligence paves way for amazing achievement. The efforts of the students and teachers along with the mentoring of the Management & School Leadership Team have once again evidenced that success is the sweetest nectar attained through hard work and resolute focus. With a hundred percent result, the overjoyed students expressed their ecstasy through gratitude and happiness.
