SCHOOL SUCCESS HISTORY (1990-1995)

An insight from the past to define
our future

Olusola

1990

Shruti

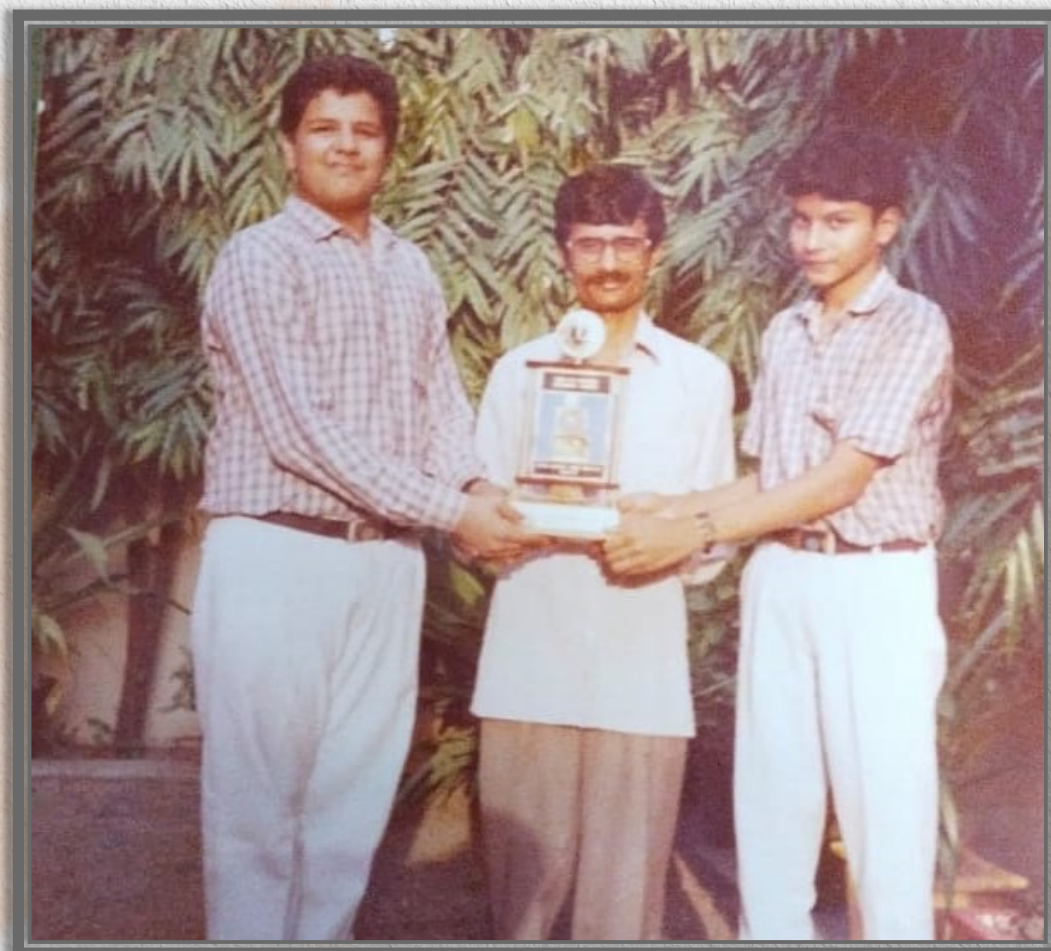

The years 1990-1995 witnessed tremendous growth of the Institution in its pedagogy and teaching practices. Having faith in the righteousness of their purpose, our honoured Founder members forged ahead, braving all odds, giving to the Gurgaonites an institution whose new wave pedagogy received appreciation when parents observed phenomenal changes in how their children were being groomed as wholesome personalities.

Phu-Lah

The school has always maintained a far-sighted and futuristic vision. It ardently envisioned that children need to be future ready, as the world was heading towards globalization. Polishing the communication skills was thus the need of the hour and sincere efforts were initiated towards this prospect. As the years moved ahead. Blue Bellians started getting recognition as exemplary orators and won laurels for their alma-mater by competing in varied competitions in Delhi- NCR.

Phu Lat

The paradigm shift from mere cognitive growth to Holistic development was an eye-opener. With due impetus on academic excellence and enhancement of soft skills, every student was motivated to explore the 'Self' and due recognition was given to their inherent potentials and unique talents.
