**2015-2020**

The 42 years old legacy of the school patronaged by our Honourable Chairman Sir and Founder Principal and Director Dr. Saroj Suman Gulati is now being carried forward by our most dynamic and futuristic Leader **Mr. Ashish Gulati**, Vice-Chairman, Blue Bells Group of Schools and the latest in educational practices are an integral part of the school pedagogy.

Ashish Gulati

The school has set up its own Learning and Development Space for continuous upgradation of learning pedagogy. The meticulously designed and planned Health and Wellness Programme is contributing tremendously in the socio-emotional empowerment of the students. The latest in technology are the buzz-words in school with students meeting international standards at the IRC Open League International Competitions and consistently winning top positions.

The in-house events 'Metamorphosis', 'Cybermania' and 'Edu-carnival' Unwrapping Learning Packages' have opened newer avenues of trans-disciplinary approach and provide perfect grooming for crossing classroom boundaries and going global. These initiatives of the school have set fresh benchmarks as the school has twice been accredited with ISA-Certificate by The British Council. Students are also motivated towards impeccable research and through in-depth introspection and reflection they deliberate through heated debates in mega events like 'Be-Hes', 'BBMUN', and other national and international debates on both indigenous and global issues. Through collaborative thinking and knowledge sharing they learn to think independently as their 'Think Tanks' work magic with exemplary solutions to world problems.

**Education is the key to success. Success is the key to achievement. Achievement is the key to hope. Hope is the key to happiness and happiness is the key to harmony.**

Dr. Alka Saxena, the Deputy Director(Health & Wellness),Blue Bells Group of Schools , redefined Health and Wellness through her extraordinary vision. Ma'am established The Health and Wellness Programme in the year 2009 and there has been no looking back since then. A well equipped Health & Wellness Resource Center was established by ma'am in the year 2015.
